# Introducing Seqrite Endpoint Security Cloud

---

Seqrite Endpoint Security Cloud is an integrated solution that allows the management and regulation of multiple Endpoint Security products deployed at different geographical locations. IT administrators from any location can easily connect to the cloud to view the latest security status, configure product policies, receive notifications, and rectify critical network events from one single dashboard. Seqrite Endpoint Security Cloud also facilitates policy configuration, backup and more on the cloud for Seqrite products.

## New Features and Enhancements

---

- A tool is provided to migrate the data of clients, groups, and policies from EPS 7.6 to EPS Cloud, for the current EPS 7.6 customers.

- Data Loss Prevention

- File Classification feature

While classifying a new file, Seqrite File Classification dialog appears only for MS Office files.

- Add-on feature - Optical Character Recognition (OCR)

- OCR supports the following image formats,

- JPEG (or JPG) - Joint Photographic Experts Group
      - PNG - Portable Network Graphics
      - GIF - Graphics Interchange Format
      - TIFF - Tagged Image File
      - BMP - Bitmap image files

- OCR feature in DLP is available in Microsoft Windows Vista SP2, Windows 7 SP1 Personal computer versions and Windows Server 2008 SP2, Windows Server 2008 R2 SP1, and above of Server versions.

## Known Issues

---

- Asset data does not get merged in "Windows SBS 2011".
- In Configuration -> ADC, when you click 'Save To File', a blue screen error appears.
- EPS Cloud 1.7 console gets hanged/seems unstable if we delete any file type from 'Custom Extensions' from cloned Policy-> DLP settings.
- EPS - Unable to exclude Seagate Hard Disk in Device control policy.
- In EPS 7.60 policy, if some custom applications are selected as 'Unauthorized' and some are kept as 'Authorized' then settings for Custom applications are not getting reflected in the imported policy.
- In the Web Security policy, the 'Chat' category websites are not getting blocked.

## Technical Support

---

Seqrite provides extensive technical support for its users. In case you face any technical issue, you can contact our Technical Support center using the options available at the following URL:
