What's New?

The following enhancements are part of the Seqrite Zero Trust V2.5.8 release:

Direct Microsoft 365 (O365) Domain Management in ZTNA Console

Administrators can now manage Microsoft 365 user accounts directly from the ZTNA Admin Console without manual intervention.

- **Key Highlights:**
 - **Domain Federation Management**
 - **Domain Federation:** Federate and manage Office 365 domains directly from the Admin Portal.
 - **Federation Removal:** Easily defederate Office 365 domains directly from the Admin Portal.
 - **Manage Users**
 - **User Onboarding:** Add new joiners individually or in bulk via .xlsx import directly to your onboarded O365 domains.
 - **User Offboarding:** Instantly delete or offboard exit users with confirmation checks to maintain accurate access control.
 - **Domain & Federation Visibility:** View domain status (Managed or Federated) and perform directory synchronization tasks from a single interface.
